

Northern Burlington Instructional Athletic Association  
P.O. Box 334, Columbus, New Jersey 08022

## *Northern Burlington Instructional Basketball League*

### **2011 Pre-Game/Post-Game Procedures**

NO FOOD in any league gymnasium. Water should be contained in sealed bottles. Otherwise, all facilities have water fountains in the hallways. Other drinks (GATORADE, etc.) are prohibited in the gymnasiums. Coaches and parents are responsible for enforcing this rule. We are at risk of losing the use of the facilities if this rule is not enforced.

Only sneakers are allowed on court surfaces at Northern Burlington Regional High School and all other gymnasiums in the league. Sneakers are recommended at all facilities for players, coaches, assistants or parents that may tread on the courts.

Make every attempt to keep water, ice, soil, salt/ice melt etc. out of the gymnasiums and schools.

For games at facilities with a scoreboard/clock, the home team (or the first team to arrive at the high school) is responsible for setting up the scoreboard. Lockers will be provided in the Northern Burlington High Gymnasiums that will hold the scoreboard control panels, med kits and ice packs.

If your team arrives for a game and the previous game is still being played, quietly begin stretching your team in the hallway or some open space to be ready to take the court immediately upon completion of the previous game.

**Assign a parent to monitor the hallways and periphery every so often to ensure that all spectators are inside the gymnasiums.**

NO SMOKING on school grounds.

Disconnect and wrap-up the control panel wires after completion of the last game and return the control panel to the locker after the game.

Collect any and all trash before leaving the facilities. Leave the facilities in the condition that you found them.

Ensure that a parent has picked up all youths before leaving the facility.

**Have fun and have a great season!!!**
